CITY OF SANTA BARBARA

COUNCIL AGENDA REPORT

AGENDA DATE: January 25, 2011

TO: Mayor and Councilmembers

FROM: Treasury Division, Finance Department

SUBJECT: December 31, 2010, Investment Report And December 31, 2010,

Fiscal Agent Report

RECOMMENDATION: That Council:

A. Accept the December 31, 2010, Investment Report; and

B. Accept the December 31, 2010, Fiscal Agent Report.

DISCUSSION:

On a quarterly basis, staff submits a comprehensive report on the City's portfolio and related activity pursuant to the City's Annual Statement of Investment Policy. The current report covers the investment activity for October through December 2010.

Financial markets posted gains for the year corresponding to the avoidance of a double dip recession and a stabilizing economy, including strong corporate earnings and renewed consumer spending. The Dow Jones Industrial Average (DJIA) index, which measures stocks from 30 industrial "blue-chip" companies, was up 14.06 percent from the previous December quarter in 2009 and the S&P 500, composed of 500 "large-cap" companies across various sectors, was up 14.06 percent for the year.

In November, faced with continuing high unemployment, very low inflation and fears of deflation, the Federal Reserve Bank announced the quantitative easing program, or QE2. Under QE2, the Fed will purchase \$600 billion in Treasuries through June 2011 in an effort to keep interest rates low, spur economic growth, and return the inflation rate to the target of 2 percent. The Federal Reserve Bank's Open Market Committee also maintained the federal funds rate at a target range of 0-1/4 percent and indicated that the rate will likely be held low for an extended period of time.

The Consumer Price Index (CPI) is a general measure of inflation showing the average change over time in prices of goods and services purchased by households. The seasonally adjusted CPI for all items was up for the fourth straight month in December, rising 0.5 percent. The December CPI also showed increases in the food, energy, recreation, used cars/trucks, household items, and airline fares indexes. While most

indexes increased at least moderately over the last 12 months, several indexes turned downward including new vehicles and apparel. National unemployment remained high through the end of 2010 at 9.4 percent, showing only a slight decline of 0.2 percent from the September 2010 quarter end.

Treasury note yields were higher by the end of the quarter, as shown in the table to the right, ranging from a slight increase of only 1 basis point on the 1-year Treasury note to an increase of 75 basis points on the 5-year Treasury note. Investors continued to demand the

Investment Activity

As shown in the table below, the City invested \$26 million during the quarter. The purchases consisted of \$20 million in "AAA" rated Federal Agency callable securities, \$2 million in "AAA" rated Federal Agency bullets (non-callable securities), and \$4 million in

"AA+" rated corporate notes (General Electric Capital Corporation and Berkshire Hathaway Financial). During the quarter, \$12 million of "AAA" rated Federal Agency securities were called and \$4 million securities matured. In addition, the portfolio also received \$79,507 in a semi-annual principal payment on the Airport promissory note at the end of December.

The weighted average yield to maturity measures the average yield for securities with varying interest rates to help provide a measure of the future rate of return on the investment portfolio. The weighted average yield to maturity on the quarter's purchases totaled 1.969 percent, compared to 2.643 percent on the quarter's called and matured investments, reflecting the low interest rate environment.

The average rate at which the City earned interest at the Local Agency Investment Fund (LAIF), the State's managed investment pool, was 0.46 percent for the quarter ended December 31, 2010. Staff expects to reinvest a portion of the City's LAIF balances in short-term or callable securities during the next quarter.

Summary of Cash and Investments

The book rate of return, or portfolio yield, measures the percent return of actual interest earnings generated from the portfolio. During the quarter, the City's book rate of return decreased by 6.3 basis points from 2.138 percent at September 30, 2010 to 2.075 percent at December 31, 2010. The book rate of return continues

		Days to
Mo. Ended	Yield	Maturity
09/30/2010	2.138%	925
10/31/2010	2.034%	864
11/30/2010	2.020%	891
12/31/2010	2.075%	1000

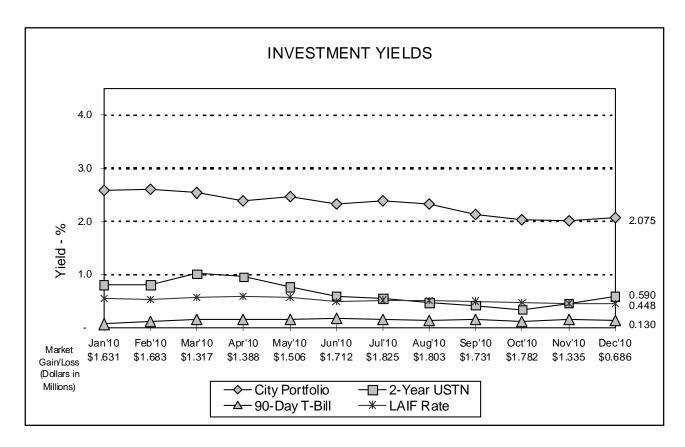

to decline through the attrition of higher-yielding securities, and reinvestment at considerably lower market rates. The portfolio's average days to maturity increased by 75 days from 925 to 1,000 days which includes the 20-year Airport promissory note authorized by Council in July 2009. The portfolio's average days to maturity excluding the Airport note is 778 days, reflecting reinvestment of maturities and calls during the quarter in the one to five year range for regular day-to-day investment activities in accordance with the City's Annual Statement of Investment Policy.

Credit Quality on Corporate Notes

Over the quarter ended December 31, 2010, there were no credit quality changes to the three corporate issuers of the medium-term notes held in the portfolio (i.e., General Electric Capital Corp, Berkshire Hathaway Financial, and Wells Fargo & Company). All ratings remain within the City's Investment Policy guidelines of "A" or better.

Portfolio Market Gains/Losses

As shown on the Investment Yields on the next page, the City's portfolio continues to significantly outperform the three benchmark measures (the 90 day T-Bill, 2 year T-Note and LAIF). The portfolio also reflects unrealized market gains during the quarter due to lower market yields compared to the yields on securities held in the portfolio. At December 31, the overall portfolio had an unrealized market gain of \$0.686 million.

On a quarterly basis, staff reports the five securities with the largest percentage of unrealized losses when comparing book value to market value at the end of the quarter. Note, however, since securities in the portfolio are held to maturity, no market losses will be realized.

	\$2,000,000	09/09/15	-\$37,342	-1.87%

On a quarterly basis, staff also reports all securities with monthly market declines of greater than 1 percent compared to the prior month. As shown on the table on the next page, there are 9 securities reported at December 31 due to the rise in Treasury yields causing a corresponding decline in market value. Although these securities show both monthly market declines and unrealized book-to-market losses, the securities will be held to maturity and no market losses will be realized.

The following confirmations are made pursuant to California Code Sections 53600 et seq.: (1) the City's portfolio as of December 31, 2010 is in compliance with the City's Statement of Investment Policy; and (2) there are sufficient funds available to meet the City's expenditure requirements for the next six months.

Fiscal Agent Investments

In addition to reporting requirements for public agency portfolios, a description of any of the agency's investments under the management of contracted parties is also required on a quarterly basis. Attachment 2 includes bond funds and the police and fire service retirement fund as of December 31, 2010.
